

IT Grant funding available for local businesses...

Government IT funding available to support new, innovative digital projects that will help your business grow.

The Government-led IT grants are designed to make your IT budget go the extra mile, empowering you to explore and implement new, innovative ideas that will drive your business growth.

What Grants are available?

There are two levels of grants available dependent on the size of your IT project:

Digital Accelerator Grants

‘Digital Accelerator’ grants offer funding up to the value of £10,000 to all qualifying SMB businesses within the local area, for new digital projects worth between £2,000 - £25,000.

Digital Impact Grants

For projects greater than £25,000, a select number of ‘Digital Impact’ grants are also available – these grants will be awarded to businesses where a transformative impact can be demonstrated.

Under both grants businesses will be expected to contribute a minimum of 50% of project costs.

What is covered?

The grant provides funding for comprehensive **IT infrastructure upgrade projects**, including equipment and systems for increased efficiency and security.

The grant also supports **communications software upgrades**, enabling seamless collaboration and improved productivity through the adoption of advanced tools and features. Additionally, it also offers financial assistance for **hardware upgrades**, including servers, workstations, laptops, routers, switches, and other critical devices, empowering you to meet evolving operational needs.

Is my business eligible?

The Government-run programme is looking to support businesses that:

- Are based in Bradford, Calderdale, Kirklees, Leeds & Wakefield.
- Have been trading for over 3 years.
- Are VAT registered (and have a turnover of more than £85K).
- Operate in a B2B environment, or B2C environment where 50% of turnover comes from outside West Yorkshire.

For more information on the grant and to find out if you are eligible, please contact our experts today on 01274 508 300 or email advice@acsitservices.co.uk
